

Towards a Labour Market Strategy

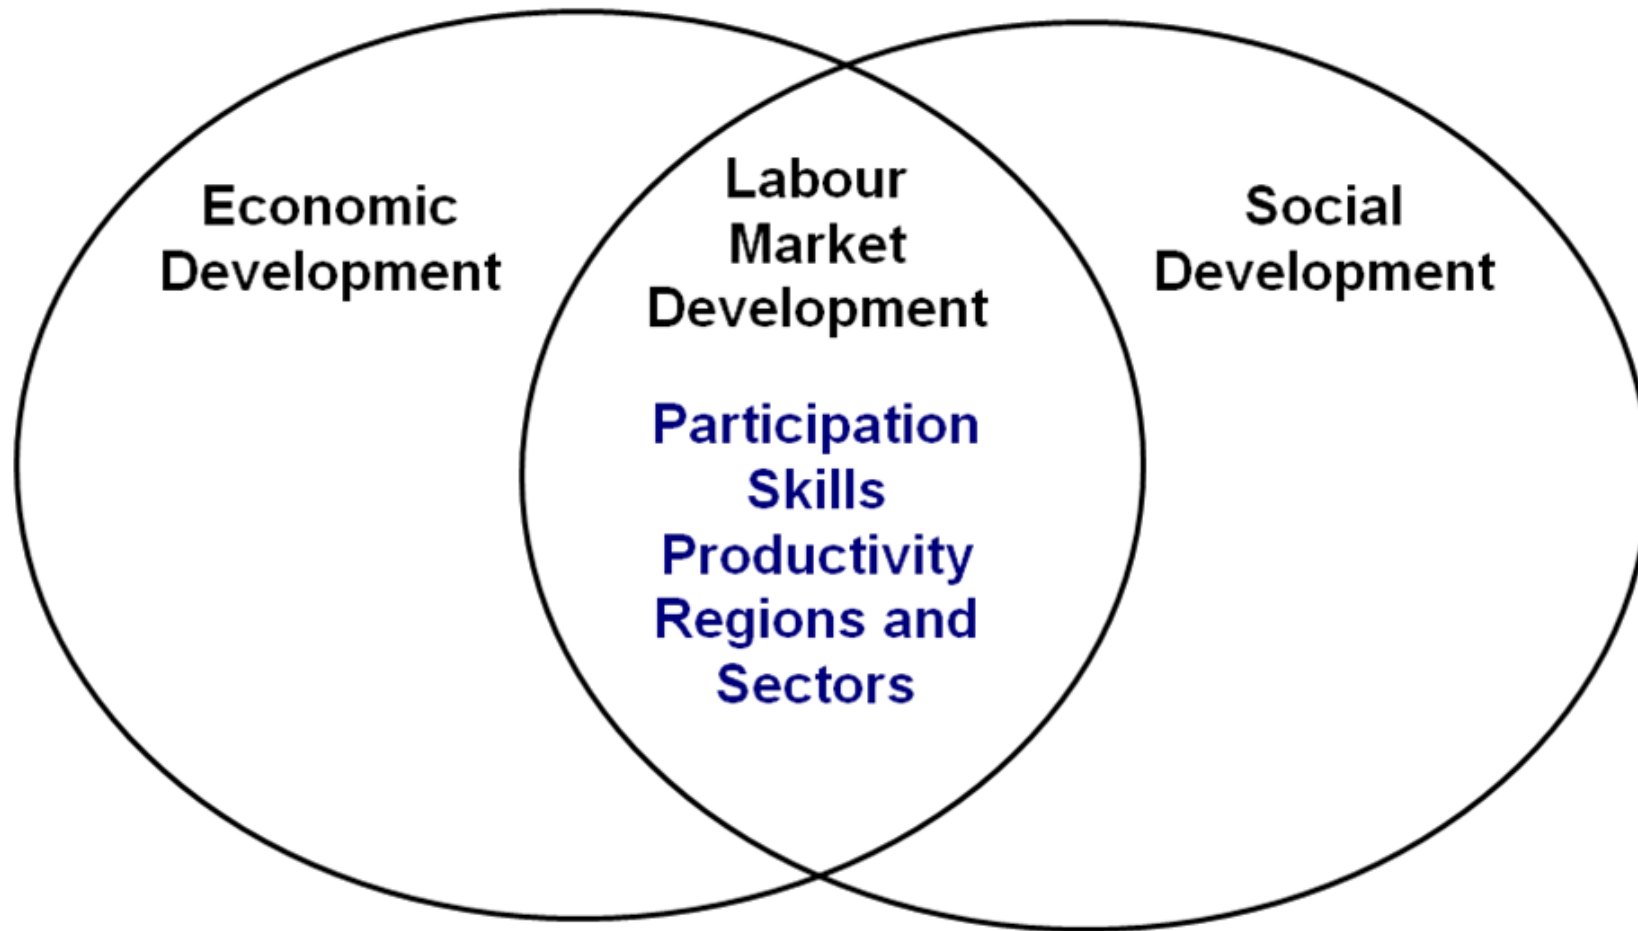

Collaboration Bay of Plenty Workshop

June 2017

Framing the labour market

Bridging economic & social development

Actions in response

MAKE

Increase the supply of skilled and highly skilled workers through education and training

BUY

Incorporate skilled migrants – from overseas, other regions, and Kiwi's returning home - into vacancies in immediate skill shortage areas

FIX

Productivity: ensure the effective utilisation of existing skills within workplaces

Today: a stocktake of initiatives

- A ten minute brainstorm. We need from you:
 1. All the local initiatives you can think of that impact on the labour market (participation, skills, productivity, sectors & communities)
 2. Any initial thoughts on whether their *primary* role is Make, Buy, or Fix
