## Are you coming to the Successful Ageing Symposium?

As someone who is passionate about social change and community wellbeing, you know how important it is to engage in dialogue with people from diverse perspectives and experiences.

We know that a demographic transformation is underway, but **how do you find that community of people who value working at the intersection of leadership, innovation and working with people who experience living longer?**

SUPA-NZ has convened extraordinary talent across sectors, cultures, disciplines, and generations at our Symposiums. Together with our collaborating partnerships we are at the leading edge, **inspiring new thinking, shaping the leadership conversation, in an effort to create integrated planning and sustainable solutions** to today's longevity and population-ageing challenges and opportunities.

The 2018 Successful Ageing Symposium will include bold discussions.

Together with the Bay of Plenty District Health Board and Tauranga City Council, we invite you to follow the links below to **join us at the Successful Ageing Symposium at Mount Club Kawaka St Mt Maunganui** on October 15<sup>th</sup> 2018.
